TRUSTEES' MEETING

MRS. KEMPER CAMPBELL RE-SIGNS FROM LIBRARY BOARD

The Board assembled at 8 o'clock p. m. December 18, 1919. All members present. The minutes of the regular meeting of December 11, 1919, were read and approved.

A communication was read from the Standard Oil Company consisting of a proposal to establish a sub-station consisting of buildings and tanks in connection with a spur track from the Southern Pacific Railroad Company's line across the San Fernando Road at Riverdale Drive to property upon which the company has secured options. The communication was accompanied by blue prints and a proposed ordinance which the company desired should be adopted by the city in the event that the permit should be granted. Mr. James, representing the applicants, appeared before the Board and explained the project. On motion of (Continued on Page 2)

THE HIGH SCHOOL SITE

David Gregg when approached in regard to his opinion concerning the site for proposed new high school buildings said: "I have been so occupied from early morning until late at night with my new business that I have given but little thought to anything else. In a general way I would say that I am opposed to the abandonment of the present site and the transfer of the high school buildings to the outskirts of the city."

J. G. Huntley said he considered the land on Brand Boulevard too valuable for business to be used for school purposes and he decidedly favored the purchase of land to the east to meet the growing needs of the school. He was opposed to any change in the site as he considered its present central location very advantageous.

GAS AT PUMPING PLANT

The city government has been notified by the gas company that the service of natural gas which has been used at the pumping plant on San Fernando Road for raising water to the Bliss Reservoir, supplying North Glendale and Casa Verdugo, may be discontinued at any time owing to the order of the railroad commission giving the preference to domestic consumers. This service being placed in Class D. The city of Glendale has made arrangements, however, with the City of Burbank for a supply of water for that system in case it should be temporarily unable to operate the steam pumping plant on account of lack of gas.

ANNOUNCEMENT PARTY

APPROACHING WEDDING OF MISS GRACE BEACH AND SIDNEY SIMON REVEALED

An unusual and very pretty Christmas party was given Wednesday evening at the home of Miss Grace Beach, daughter of Mr. and Mrs. A. W. Beach, on North Brand Boulevard, when a group of young women who established an intimacy during the war were entertained. It was an informal social evening, at the close of which refreshments were served at a beautifully appointed table. Centering the board was a typical chimney protruding from a roof over which Santa Claus was just escaping. Radiating from the chimney were ribbon streamers leading to the plates of guests and bearing the favors accompanied by a little card announcing the engagement of the hostess to Sidney M. Simon, son of Mrs. L. B. Simon. The nut basket at each plate was a tiny chimney with a Santa Claus beside it, and suspended above the table was a large Christmas bell. Those present were: Miss Bettie Jones of Mount Sterling, Ohio, Miss Alice Lehner of Mount Clemens, Mich.; Mrs. J. T. Beach, Mrs. Noble Ripley, Misses Alberta Heisler, Ernestine and Cecilia Lyon, Lila Webster, Lila Shea, Irene Mauk, Rebecca Gregg, Myrtle Pulliam, Alice Gray Beach, Grace Beach and Dorothy Hobbs.

The hostess has attended Glendale Union High School, and has a large circle of friends in which she is a great favorite. Her fiancé is an ex-service man, who did his bit across the water as a member of the 143d Artillery. He, too, is a favorite in social circles. The wedding is to take place some time in January, and it will be a satisfaction to their many friends to know that they will make their home in Glendale.

AHEAD OF SCHEDULE

SUPERINTENDENT DALEY SAYS THIS IS GOOD FLOOD CONTROL WEATHER

Captain Smith, assistant chief engineer of Los Angeles County Flood Control, was in Glendale Thursday to inspect the protective work that has been done within the confines of the municipality in the Verdugo. He expressed himself as greatly pleased with it.

Mr. Daley reports that the P. E. is now moving its tracks onto the new right-of-way and the new flood channel will soon be clear through to Central Avenue. As soon as the P. E. gets off the pile drivers will begin working between Brand and Central.

The new county bridge on the east side of Brand is nearing completion and is the admiration of men most capable of passing on its merits. While a very substantial structure, it also has good lines. One city official has called it "a husky little bridge."

Mr. Daley says it has been good flood control weather of late in spite of Prof. Porta and the enterprise on which he has been at work has now reached a point where he is willing to chance any flood Prof. Porta can bring forward. If the present rate of progress continues the job may be completed ahead of schedule, for the organization is working to its limit. The connecting of the steel and wooden piling between Louise and the upper wash will soon take place bringing together the work begun at the two ends.

The job, Mr. Daley says, has been a liberal education to all who have been engaged upon it, and the county will profit by the lessons learned in other control work to be taken up. Southern California has a great many streams just like the one in Verdugo wash. Everybody in the crew is in a hurry to see the work finished and then have a flood come to test it.

DROUTH IN AFRICA

Miss Olds and her friend, Miss Susie Wessels, who formerly resided in Glendale but who are now in South Africa, where they "hold their heads to other stars in converse seasons," have written to friends here of their mid-summer occupations, how they have been gathering peaches and apricots.

Miss Olds has taken a position in a sanitarium out from Cape Town at a place called Plumstead. She will begin her duties the first of the year. Miss Wessels will accompany her and will teach music there. Plumstead is about sixty miles from the home of Miss Wessels' mother. The girls write that there is great drouth further north in Africa in the Free States, and unless rain comes soon there will be a famine. Water is so scarce that the people have been forbidden to use tea and coffee.

SANITARIUM VISITORS

H. B. Steel, manager of the Boulder Sanitarium, was one of the recent guests. He is an old friend of Manager Clarence Kimlin, having made his acquaintance at the Battle Creek sanitarium with which Mr. Kimlin was connected for twelve years.

M. W. Wentworth, who is the steward and treasurer of the Battle Creek sanitarium is spending the winter in Southern California. He recently spent an afternoon with Mr. Kimlin. Still another visitor from the Battle Creek institution was Elder George C. Teuney, chaplain, who was here on Wednesday.

Charles E. Rice, business manager of the St. Helena Sanitarium was in Glendale Thursday, as were also Business Manager Brown and Dr. H. W. Vollmer, medical superintendent of Loma Linda Sanitarium.

GOPHER EXTERMINATION

So many trees have been destroyed in parkways and elsewhere by gophers that the City Forester is begging the citizens to co-operate with him in the work of extermination. He says if any one is in doubt as to the proper way to set a gopher trap he will cheerfully give a lesson on the subject if the prospective student will but telephone the City Hall and give his name and address.

FUNERAL OF D. C. DEAN

The funeral of D. C. Dean who died December 17th at his home in Tujunga will be held this (Friday) afternoon at 1:30 o'clock in the Little Church of the Flowers at Forest Lawn Memorial Park. Rev. Wyman will conduct the service.

WANT PERMIT TO SELL WHISKEY

J. HAMILTON LEWIS URGES LIFTING OF PROHIBITION BAN TO PERMIT BOOZE OWNERS TO DISPOSE OF STOCKS

(Special Service to Glendale Evening News)

WASHINGTON, Dec. 19.—Ex-Senator James Hamilton Lewis of Illinois, conferred for an hour today with Secretary Tumulty urging that the President lift the war-time prohibition ban. Lewis argued that as a business proposition the owners of large stocks of whiskey should be permitted to sell it before constitutional prohibition becomes operative.

Representative Olney of Massachusetts also saw Tumulty, urging the same course. Olney was one of the original advocates of prohibition.

ATTEMPTED ASSASSINATION OF LORD FRENCH

FORMER COMMANDER OF BRITISH FORCES IN FRANCE
NARROWLY ESCAPES DEATH

(Special Service to Glendale Evening News)

DUBLIN, Ireland, Dec. 19.—An attempt to assassinate Lord French, military commander of Ireland, today, failed. French's escort shot dead one assailant. French was returning from a tour of western Ireland. While driving through Phoenix Park a number of shots were fired at him, several striking his auto. A bicycle policeman who was a member of French's escort, returned the fire killing one of the attackers who was standing with a bomb in his hand. Another attacker was wounded and rumors declared that he died.

Dublin police with two army tents were rushed to the scene. The greatest excitement prevailed.

Lord French was commander of the British army in France during the early part of the war and especially during the allied retreat which preceded the battle of the Marne.

MEXICO LOOKS FOR NO BREAK

SO SAYS OFFICIAL HOLDING RANK OF "PREMIER" WHO DEFENDS ARREST OF JENKINS

(Special Service to Glendale Evening News)

MEXICO CITY, Dec. 19.—(Copyrighted by United Press.)—Aguilas Berlanga, who holds a position in the Mexican cabinet corresponding to that of premier, today told the United Press that Mexico is confident there will be no break in relations with the United States.

He declared the point taken by the Mexicans in considering the possibility of American intervention is based on the conviction that the people of the United States are opposed to it and that intervention is only desired by certain conscienceless politicians and a certain class of business men who do not represent the true American sentiment nor the sentiments of the American government.

He defended the arrest of American Consular Agent Jenkins as "based on suspicious presumptive evidence that would be held to be implicating" according to our code. He also declared that Jenkins testimony contained "flagrant contradictions."

AMERICAN SAILORS HELD AT MAZATLAN

JAILED BY MEXICANS ON CHARGE OF ASSAULTING CITIZEN OF THAT COUNTRY

(Special Service to Glendale Evening News)

WASHINGTON, Dec. 19.—The State Department announced today that D. H. Leonard, and H. O. Martin, sailors on the tender Tocomke had been held in jail at Mazatlan, Mex., since November 12th charged with assaulting a Mexican citizen. The American consul is watching the case and has asked for a speedy trial.

SUNSHINE FROM VANCOUVER TO SAN DIEGO

AWFUL STORMS PREDICTED FOR THIS COAST FOR TODAY
BY PROF. PORTA FAIL TO ARRIVE

(Special Service to Glendale Evening News)

SAN FRANCISCO, Dec. 19.—With the exception of along the Oregon coast, the sun is shining today from Vancouver to San Diego. The only unusual weather reported is a storm at Ketchikan, Alaska. Professor Porta, the sun spot observer, had predicted for today the greatest storms in history along the Pacific coast.

TO CHECK WEIGHT OF DAILIES

POSTMASTER GENERAL ASKED TO KEEP RECORDS TO DETERMINE POSSIBLE SAVING OF PAPER

(Special Service to Glendale Evening News)

WASHINGTON, Dec. 10.—The House postoffice committee today asked Postmaster General Burleson to keep an accurate monthly record of the weights of the daily editions of all newspapers in order to check accurately how much paper the publications will save as a result of the recent appeal of the committee for a ten per cent reduction in paper consumption.

LOCAL BOLSHEVISM

ATTENDANTS ON COMMUNITY SING LEARN OF TREASONABLE SONG PROPAGANDA

Attendance on the Community Sing Thursday night was not as large as it has been at times in the past, but it was a meeting of unusual interest and importance. Besides the customary rehearsal of songs a strong talk was made by the leader, Mr. Kierchoffer, in which he set forth a particularly dangerous propaganda that is being spread by the enemies of our institutions, the Bolsheviks, who, he said, are operating everywhere. What he especially referred to is the terrible revolutionary songs which they have set to tunes with which the people are familiar. Many persons innocently attend these parlor Bolshevik meetings and hear false statements made which cause doubts to grow in their minds, and are asked to sing these songs to airs to which they are accustomed. Gradually a hold is secured on minds too shallow to reason straight through the propaganda, which is presented in a strong and insidious way. Mr. Kierchoffer has been asked by the government to present this menace to the chorus he is training and to use his best endeavors to awaken people all over Southern California to this treason to American institutions. Also, to urge municipal governments to encourage in all possible ways the coming together of citizens to familiarize themselves with patriotic songs and to revive their patriotism. He read one verse of the Bolshevik "Onward Christian Soldier," but said the balance of the verses were too horrible to repeat; in fact Mr. Howeth, secretary of the organization asked him not to do so. Song books containing these treasonable words set to the familiar music are being circulated much more generally than people have any reason to suppose, and it is the opinion of those best acquainted with the situation that real Americans must arouse themselves and put a stop to these attempts to undermine patriotism. It is estimated, he said, that seven millions of these propagandists are now operating in this country.

TIMES AGENCY SOLD TO TOM FURST

Tom Furst, who has been a resident of Glendale for about nine years and who part of that time was engaged in the grocery business here, later taking a position with the Public Service Department, has purchased from Sidney Simon the agency for the Los Angeles Times in this city. He is a graduate of Glendale High School and he and Mrs. Furst have a big circle of friends who are glad to see him establish himself in business of his own. He will take charge of the agency the first of January. Mr. Simon has not yet announced his plans. Mr. and Mrs. Furst have sold their property at 500 North Isabel Street and are now living in the home they purchased about a month ago at 1231 East Harvard Street.

SIGNS FOR GLENDAL WEATHER

Treasurer J. W. Stauffacher is in receipt of a letter from J. J. Banta, a former real estate operator in this city who is now in Portland, Ore. He writes: "Gee! But you ought to see me now. Snow is two feet deep and temperature 15 degrees below zero. Am afraid to venture out doors for fear I will lose my teeth. I wonder how the weather is in Glendale?"

ENTERTAIN WITH MOTION PICTURE

Miss Ruth and Hallie Dixon of El Bonita Avenue entertained a party of Los Angeles friends and a few neighbors Thursday night. Miss Ruth Dixon is head nurse at the Barlow Sanitarium near Elysian Park. Her sister is employed in Dr. Barlow's office. It was a motion picture party, a film featuring Marguerite Clark being shown. The house was decorated for the occasion in the holiday colors and refreshments were daintily served.

Members of the committee appointed by the Greater Glendale Development Association and the Chamber of Commerce will meet Saturday afternoon at the City Hall and go in a body to inspect the tract of land offered the city as a park, subject to certain conditions.

WEATHER FORECAST: Fair tonight and Saturday. No important change in temperature.

DR. WESTPHAL HOME

FOUND NEW YORK VERY CROWDED, UNCOMFORTABLE AND EXPENSIVE

Dr. Henry G. Westphal, physician of the Glendale Sanitarium, has just returned after an absence of several weeks in the east. Seven weeks of the time were spent in post graduate work at one of the big New York hospitals and he seemed to have brought back some very vivid impressions and not altogether pleasant ones of the great metropolis of America. Compared with it he declares the big city Chicago, where he attended medical college, is a mere playhouse. It is more congested if anything than any other part of the country, and he searched from 9 a.m. to 5 p.m. on the day of his arrival there before he could find hotel accommodations because it was scarcely possible to find a room anywhere. New York has subway cars, surface cars and two sets of elevated lines besides busses and jitneys, but it is still unable to take care of the great numbers demanding transportation.

He found the cost of living very high and in excess of the Chicago figures. Milk for example in New York was 20 cents a quart, in Chicago 18 cents; eggs in New York \$1.15 per dozen and Flaming Tokay grapes from California 25 cents per pound. Apples were 7 cents to 9 cents apiece, bananas 5 cents each, and oranges 10 cents apiece and not first quality at that. Continual (Continued on Page 3)

CHRISTMAS GIFTS

SANTA CLAUS VISITS GLENDAL POST OF AMERICAN LEGION

Important business was transacted at the regular meeting of the Glendale Post Thursday night at which there was a large attendance of ex-service men. Additional nominations were made for all the offices which will be filled by an election to be held the first Thursday in January, 1920.

Following the business meeting a social hour was enjoyed during which a very good friend of the Legion, Joe Griffin, entertained the boys with some choice readings.

The house committee has been quite busy lately procuring the necessary furniture and equipment to make the club rooms comfortable for the boys who wish to spend their evenings there. As yet these are limited to the bare necessities because the policy of the organization has been to keep the dues at a reasonable figure, thus making it possible for every ex-soldier to have the advantages; consequently there must be other sources of revenue. For this purpose a Christmas dance will be given at the Masonic Temple tomorrow night, December 20th.

Many good friends and club leaders have inquired what they can do to help the boys. The local Red Cross committee has already donated a valuable filing cabinet and an office desk which has been gratefully received. Santa Claus made his first appearance at the club Thursday night when a fine new easy chair was presented to the Post as a Christmas greeting from the General Richard Gridley Chapter of the Daughters of the American Revolution through its secretary, Mrs. Mabel Franklin Ocker. This gift is prized very highly for its practical worth and the spirit which prompted it.

Among the articles needed to complete the furnishing of the club rooms are curtains, rugs and chairs. It may be that there are persons or organizations in Glendale that have good articles in these lines which are not in use but which could be turned over to the Post. If so they may communicate with the chairman, Dr. Nicols, in care of the Pacific Telephone Company, or James McBryde, chairman of the house committee, at his office on Brand Boulevard.

The executive committee is planning for a reception to the public some time after the first of the year.

OLD FRIENDS UNITED

Mrs. George Smith on East Broadway is entertaining an old friend and the friend's husband, Mr. and Mrs. Paul who recently arrived from the east. Mesdames Smith and Paul in days gone by were associated in the dressmaking business for about four years. They like Glendale very much and Mr. Paul, who is a carpenter, has found so much work here that they will remain all winter and may buy and build.

New January Numbers of Columbia Records

Hackett and Stracciari in Verdi Masterpiece

Hackett's great tenor blends to perfection with Stracciari's noble baritone in their first duet for Columbia Records, "Solenne in quest'ora" from *La Forza del Destino*. It's one of the finest numbers in the opera, sung by two of the foremost artists on the operatic stage.

49666—\$2.00

Ponselle in Duet with Maurel Sings "Whispering Hope"

The pure voice of Ponselle, leading dramatic soprano of the New York Metropolitan Opera Company, makes with Maurel's appealing alto a perfect vocal combination. Together these two artists make this simple ballad of the comfort and cheer of awakened hope a flawless musical gem.

78325—\$1.50

Toscha Seidel Triumphs in "Andante Cantabile"

Toscha Seidel's rendering of Tchaikowsky's "Andante Cantabile," its airy passages alternating with its deep-toned haunting melody, makes it a thing of lingering beauty.

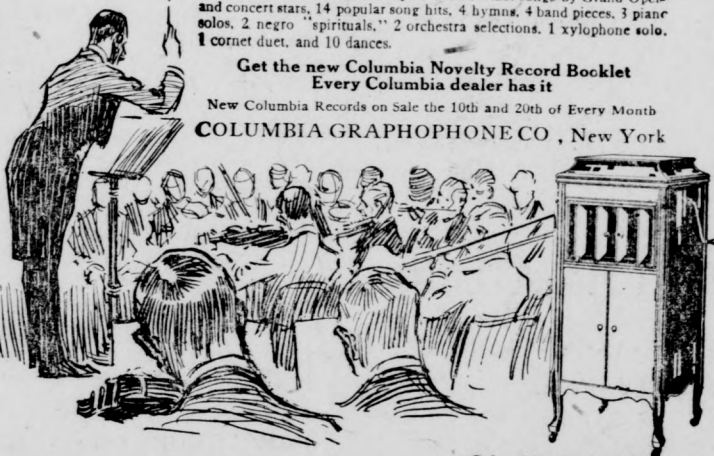

49624—\$1.50

And 45 Other Great Selections

These include 1 Grand Opera aria, 3 other songs by Grand Opera and concert stars, 14 popular song hits, 4 hymns, 4 band pieces, 3 piano solos, 2 negro "spirituals," 2 orchestra selections, 1 xylophone solo, 1 cornet duet, and 10 dances.

THEY SAY

That being honest because "honesty is the best policy" is rank dishonesty. Think it over.

That to lift another up you must be on higher ground yourself.

That haste to get rich keeps many men poor.

That fast friends are all right only they shouldn't be too blamed fast.

That if a man does not know the port to which he is steering on the great sea of life, no wind is ever favorable to him.

That because of no fixed purpose in life few men rise above the level of mediocrity.

That a man is what he is; not what men say that he is.

That to neglect opportunity at the present is but to repent in the future.

That 12,000,000 Americans have already pledged to buy no German made goods in the future. That's good goods.

That common sense is the best producer of common cents.

That timidity never accomplishes anything in this world. Do something.

That faith is the mainspring of enterprise. Do something.

That to be famous is to be slandered by people who do not know you.

That "tomorrow" is the day when idle men work and fools reform.

SUNLAND

Mr. Quinnel Adams is spending his vacation working on the trail in Haynes Canyon.

Mrs. Schrank and daughter, June Alice, spent Tuesday with friends in Los Angeles.

Master Merl Sein met with quite an accident Sunday evening when the shut off heater exploded, burning his face and hands quite badly.

Mrs. Redman purchased this week through the Huse agency five acres on Walnut Drive and will at once build a home.

Miss Ethel Adams and Hazel Huse spent Wednesday with Mrs. DeLop in Haynes canyon.

Mr. Herbert Branstitter is working at the postoffice in Glendale during his vacation.

Dr. Q. J. Rowley was in the valley this week looking after the interest of his property.

Mrs. Craig spent Tuesday in Los Angeles the guest of her mother.

Mr. and Mrs. A. Anderson and children motored to Riverside Sunday in their new Buick car and spent the day with Mrs. Adams' mother, Mrs. Stanciliff.

Miss Esther Nicholson was hostess to a very pleasant party at her home in Sunland. The evening was spent in dancing and games. Dainty refreshments were served and a very merry evening spent. Those present were: Mae Kirschman, Wilma Kirschman, Quinnel Adams, Herbert Branstitter, Steve Schaffer, Marion Richardson, Gladys Johnson, Winifred Herron, Cornelia Herron, Ralph Cory, Bennard Dennison, Carrie Adams, Elmer Adams, Wm. Lancaster, Paul Lancaster, Elmer Adams, Mr. and Mrs. De Lapp.

Rev. Stephenson will preach at 11 o'clock Sunday at the First Baptist Church. Subject: "The Christmas Story." And at 7:30 p.m., subject: "A Gift That Gladdens." The time of the Christian Endeavor is changed to 6:30 p.m. Subject December 21, "The Christmas Message," and the "Christmas Spirit," Luke 2:8-14; Matt. 2:9-11. Leader Menita Huse. Everybody welcome.

The sudden death of Mr. Dean Tuesday was indeed a shock to the people of Sunland. His cheery smile will be missed.

California Freeman, of 1710 Vine Street, Hollywood, who was the first white girl born in California and is 71 years old, is one of the principal actresses in the scene being taken by the Metro Film Company, who are taking views this week in Sunland.

LA CANADA

The La Canada Thursday Club held its regular meeting December 11th at the home of Mrs. Pate on Hillard Avenue, Mrs. G. W. Stultz being hostess.

The home was beautifully decorated in the holiday colors.

The program consisted of a piano solo by Mrs. P. H. Johnson and two very interesting papers, one by Mrs. G. P. Anderson on the German composer, Wagner, and one by Mrs. Se-right on Alaska.

Responses to roll call were "Xmas suggestions," and many interesting and practical ideas were brought out.

The club voted on doing charity work at Xmas time and the vote was unanimously carried. Among other acts of kindness the members will donate home made jellies and fruits to the Los Angeles Children's Hospital, together with articles of wearing apparel. Those present enjoyed a little of the Christmas spirit by means of a "grab bag," each one having brought a small article to be drawn.

Delightful refreshments followed the program.

TO KEEP IN HEALTH

A successful business man says: "My system for keeping in good condition is very simple. First of all I get plenty of sleep. In the morning I drink a glass and a half of hot water, and during the day I drink enough water to make at least six glasses. I take a light breakfast and luncheon, eating a substantial meal at night. During the day I walk as much as I can. For a long time I walked several miles on my way downtown. Walking is splendid exercise, and a busy office man can keep himself in fairly good condition by walking at least part of the way to his office in place of riding. Health is a man's chief asset, and he should give his physical condition at least as much attention as he bestows on his automobile. It furnishes the driving power without which all his other qualifications are practically worthless."

THE IDEA WAS ALL RIGHT, BUT

It was a geography lesson, and the teacher, according to Harper's Magazine, had been asking about the different states: "Tell me, Florence," she said, "what Rhode Island is celebrated for." For a moment the child was silent, then an inspiration came to her. "Rhode Island," replied the little girl, "is celebrated for being the only one of the United States that is the smallest."

They turned water from a fire hose on noisy Reds in the Spokane jail. That was cruel enough, but the crowning punishment of adding soap to the water was mercifully withheld.

FINISH every day and be done with it; you have done what you could. Some blunders and absurdities no doubt crept in; forget them as soon as you can. Tomorrow is a new day; begin it well and serenely, and with too high a spirit to be cumbered with your old nonsense. Today all is good and fair. It is too dear with its hopes and invitations to waste a moment on the yesterdays.—EMERSON.

DR. WESTPHAL HOME

strikes on the part of organized labor probably helped to boost prices and also made it very hard on the residents. Owing to a laundry strike which lasted a month, he could get no clothes laundered and in consequence had to greatly increase his wardrobe. Whenever he required a clean collar he had to buy it.

Another thing which tremendously impressed him was the immense foreign population in New York. He declares that for every person speaking English he found eight who were talking in a foreign language. In an effort to assimilate this population, all over New York, night schools for the teaching of English had been established. It is his impressions that the war must have brought many to this country. While he was in New York 900 alleged bolsheviks were arrested at one time and the following Sunday 1800 more, which made the city appear to be a hotbed of revolutionaries.

It rained about half the time he was there, but temperatures were mild until just before he left, the 18th of November. From that time on, however, he had cold weather and snow until he struck the Utah-Nevada line on his homeward journey, encountering the worst storms and lowest temperatures in Wyoming. He stopped en route at Battle Creek, at Chicago, visited his old home at Antigo, Wis., and the Mayo Hospital at Rochester, Minn., where he has attended clinics before. He was more than ever struck by the discomforts suffered by convalescents there as compared with California conditions, where they can be taken out into the fresh air every day. In Chicago and all the big cities there was great suffering because of the cold weather and the fuel shortage.

He seems very glad indeed to be back in Southern California and says he is now satisfied it is not only the pleasantest place in the United States in which to live, but also the cheapest place because clothing costs no more here than in the east and all food costs are lower.

HENRY FORD'S HAY STACK

As one of the incidents of his homeward trip while passing through Wyoming Dr. Henry Westphal tells of seeing a huge haystack at one of the ranches which the conductor pointed out as the property of Henry Ford. Much mystified, he asked how that could be. "That's easy," was the reply. "These ranchers starve their cattle and sell the hay to buy Fords."

The record billion dollar congresses of ordinary peace time faded into the past when Secretary Glass, presenting the annual estimates at Washington, proposed appropriations of practically \$5,000,000,000 for conducting the peace time activities of the government during the fiscal year 1920-21.

Many months' work on a great variety of important subjects—international and domestic—are before the Sixty-sixth congress which met at Washington for its second and "regular" session, which is expected to close only with the presidential campaign next fall.

Since the war ended the United States has exported to Belgium goods valued at \$283,417,698, or \$37 per capita for every inhabitant there, according to the department of commerce at Washington.

Charles E. Chadsey, Chicago's \$18,000-a-year superintendent of schools, resigned. His resignation followed action of the school board in abrogating most of his powers.

CHANGE IN SUBSCRIPTION RATES

Beginning on January 1st, 1920, the charge for subscriptions for the Glendale Evening News will be as follows:

One year\$5.00
Two months 1.00
One month60

The present subscription rate, \$4.00 per year, will be in effect until January 1st, and subscribers who wish to pay a year or more in advance at this rate may do so.

The change in the subscription price is made necessary on account of enlarging the paper, beginning January 1st, and the employing of additional help in the reportorial department. The increased cost of paper, ink and labor are also causes for making this change.

CALIFORNIA OIL

Do You Believe in Action?

Well then, here are a few facts regarding the

HARRINGTON-DUMAS OIL COMPANY

Incorporated under the laws of the State of California for \$500,000 divided into 500,000 shares with the par value of \$1.00 each.

On the 17th day of November, 1919, we asked for our charter. On the 19th day of November, 1919, it was granted.

On the 24th day of November, 1919, the first meeting of Directors was held.

On the 4th day of December, 1919, we asked for a permit to sell our stock.

On the 5th day of December, 1919, it was granted.

On the 6th day of December, 1919, the first share of stock was issued, and today our stock book shows that 252 certificates have been issued for stock in our company.

On the 15th day of December, 1919, an order was placed for 130 foot derrick to be erected on our Richfield lease.

Within five days the order will be placed for a modern Combination Rotary and Cable Drilling rig.

This shows what can be accomplished with the right kind of men back of your proposition. Can you find a parallel?

ATTORNEY'S CLASH IN NEW TRIAL

FIGHT OVER QUESTION OF ADMITTING IN EVIDENCE PRISONER'S ALLEGED CONFESSION

(Special Service to Glendale Evening News)
 LOS ANGELES, Dec. 19.—Attorneys in the trial of Harry New today fought over the question of admitting in evidence New's alleged confession. It was based on an attempt to prove by the prosecution as an actual fact that a murder had been committed. Until this is proved the alleged confession cannot be used.

J. L. Anderson of Venice, father of a dead friend of Harry New, was called to the stand to identify the revolver with which Freeda Lesser was shot. He said his son had loaned a revolver to Harry New but that he could not identify the one handed to him on the witness stand as the one his son had loaned.

Mrs. Clyde Minnis, aunt of Freeda Lesser, was called to the witness stand before the adjournment of the morning session.

Personals

Robert M. McGee is under the weather and has been confined to his home for several days.

Mr. and Mrs. A. J. Becker, who recently sold their house at 342 W. Eulalia, have moved into another house on Eulalia near San Fernando Road.

Mrs. E. V. Bacon of 1335 San Fernando Road, has been quite seriously ill of pneumonia but is better. Her son, Francis Bacon, has just recovered from the same disease.

The City Hall has a very pleasant Christmas look with holly wreaths in the windows. The young women in the office of the city manager are said to be responsible for the pretty seasonal decorations.

One of the new comers in Glendale is Mrs. Anna West, who is residing in the southern part of the city. She is a booster for Southern California and recently purchased and sent away 75 picture postals to friends in the frozen east to show them how delightful it is here.

The "Minute Men" of the First Methodist Church of Glendale, headed by Arthur G. Lindley, will this year make their campaign at the regular church services on conversions rather than money, for which they made the plea last year. This is in conformity with a nation-wide movement and the "conversion quota" of this church is 150.

Mrs. A. T. Cowan, of 332 North Orange Street, returned Thursday forenoon from a months' visit with relatives in Louisiana, Oklahoma and Kansas. In Louisiana she visited her son, Robert H. Cowan and family, at Shreveport; in Oklahoma she visited her brother, James Parker and family, and in Kansas she visited her sister, Mrs. Ida Drake and other relatives at Council Grove.

Mr. and Mrs. O. H. Belew are going to be compelled to vacate the little cottage on Harvard and Jackson Street where they have been so pleasantly situated because the owner, A. Ambrosini, is returning to Glendale the first of the year. Mrs. Belew threatens to fit up the rear of her husband's cleaning and dyeing establishment on E. Broadway for living quarters if something better does not materialize soon.

Mrs. Wolbach of Myrtle Street entertained the group of friends who so often meet at her pleasant home, Wednesday evening in honor of Mrs. Keller of Jerome, Arizona, who has been her house guest for the past two weeks and who is now the guest of other friends in Los Angeles. The party included Mr. and Mrs. Ray Goode, Mr. and Mrs. O. H. Belew, Mr. George Pedicord, the host and hostess and guest of honor.

The Live Cole Class of the Central Christian Church was entertained with a Christmas party at the home of Miss Laura Wilford Brown at 217 West Lomita Street Thursday evening. About twenty-five were present. There was no regular program. Games were played and there were impromptu readings and songs. Refreshments were served and the decorations were of a Christmas character.

Mrs. Laura Weaver of East Harvard Street entertained with a luncheon Wednesday in honor of some eastern friends, Mrs. Lauerdale and daughter from Boulder, Colorado, and Mr. Will Fountain and wife of Elkhorn, Wisconsin. Mrs. Lauerdale and daughter expect to reside in Glendale permanently but Mr. and Mrs. Fountain are here only for the winter. They will all spend Christmas with Mrs. Ira Moyse of Los Angeles, daughter of Mrs. Weaver.

The closing of the regular sessions of the County Institutes Thursday left Harry L. Howe, assistant Principal of the High School free to go to his ranch in the Coachella Valley and he improved the chance. He will be away until Christmas eve and will doubtless have a very good time, as he thoroughly enjoys agricultural work and likes to keep an eye on the progress made by his date plantation. He has a few trees planted several years ago that will begin to bear soon, but the bulk of his trees are young.

THE THOUGHTFUL SUBSCRIBER

Just an even dozen plus one of year-in-advance subscribers since yesterday at noon have taken advantage of the \$4.00 per year price of the Evening News if paid before January 1, 1920. The subscription price on and after January 1 is \$5, so a 20 per cent saving is worth heeding. Here are the names of the thoughtful ones:

STATE MOTOR LAWS SUMMARIZED IN UNIVERSITY OF CALIFORNIA EXTENSION COURSE

Devoting its final assignment in the course of 17 lessons on the gasoline automobile to a summary and explanation in simple language of the California State Motor Laws, the

University of California Extension Division is planning to aid motorists to avoid "the traffic cop" by correspondence instruction.

According to Director Leon J. Richardson the course on the use and care of the automobile by the Extension division is proving the most popular of recently announced correspondence courses. A bound text book of seventeen chapters is sent to the student at the beginning of the study, and supplementary mimeographed information and ques-

tions are sent during the progress of the course. The bound volume of lessons becomes the property of the student, and according to the Extension division it forms an invaluable reference book for future use. "The book can always be consulted when there is engine trouble or other trouble with the car," said Professor Richardson.

THE IDEA WAS ALL RIGHT, BUT

It was a geography lesson, and the teacher, according to Harper's Mag-

azine, had been asking about the different states: "Tell me, Florence," she said, "what Rhode Island is celebrated for." For a moment the child was silent, then an inspiration came to her. "Rhode Island," replied the little girl, "is celebrated for being the only one of the United States that is the smallest."

THEY SAY

That because of no fixed purpose in life few men rise above the level of mediocrity.

Gifts that give lasting pleasure

FOR THE LITTLE TOTS

Even the tiny ones must have something on wheels. Get the baby a Kiddy Car. He will get so much pleasure out of it and it will help develop the little muscles, too.

FOR THE OLDER BOYS AND GIRLS

Boys always like express wagons and they can do so many useful errands with them. Get him one to suit his size and age.

All children want velocipedes until they are old enough to ride bicycles. We have several sizes. Roller skates will please them, too.

FOR THE HOUSEWIFE

A WEDGEWOOD RANGE—One of these would be the Christmas gift supreme for any woman. Give her a real surprise.

A FIRELESS COOKER—Any housewife will welcome a gift that will save her labor, time and fuel as one of these useful articles will.

Less expensive gifts that will bring joy at Christmas time can be found in our large line of granite ware, aluminum or Pyrex.

(2240 pounds) of sand, bricks, cement, lumber and other building materials. All of this was done on an average consumption of one can (five gallons) of gasoline and from one quart to a half-gallon of oil a day. Repairs? It can be truthfully said that there have been none, as good care has always been taken that the valves were properly ground and the motor thoroughly clean. We may without exaggeration state that during this whole period of one year, there has been an expenditure of about one hundred dollars only, in the general upkeep of the truck.

"Work done by this truck per day is equivalent to what could be done with ten wagons of twenty mules, and their respective drivers, saving thereby sixty dollars in wages, twenty dollars in horse feed, and five dollars in the upkeep of wagons, or a total saving of \$85 per day."

LITTLE AND MUCH

It matters little where I was born,
If my parents were rich or poor;
Whether they shrank from the world's cold scorn,
Or walked in the pride of wealth secure.
But whether I live an honest man,
And hold my integrity firm in my clutch,
I tell you, my brother, plain as I am,
It matters much.

It matters little how long I stay
In a world of sorrow, sin and care;
Whether in youth I am called away,
Or live till my bones and head are bare.
But whether I do the best that I can
To soften the weight of adversity's touch
On the faded cheek of my fellow man,
It matters much.

RECKLESS AGE

NINE OUT OF EVERY TEN AUTO
ACCIDENTS COULD BE
AVOIDED

Mr. Motorist—have you had your
annual accident yet?

Did you know that you are oper-
ating your car in the "dangerous
age" of Southern California history
and that there are more accidents
to the road mile than ever before?

This may sound like Bolshevik
propaganda, but as a matter of fact,
it is a statement based on statistics,
and emanating from the Automobile
Club of Southern California follow-
ing an investigation into the type of
accidents which are actually happen-
ing every day on local boulevards.

In its accident campaign, to cut
down the death toll, the Auto Club
points out that nine out of every ten
accidents can be avoided and that
Southern California is passing now
through a vital transition period
when recklessness is the general or-
der instead of the exception.

That this part of the country will
probably pull out of the present pe-
riod with a "clean record" so far as
the attempt to remedy affairs is con-
cerned, there is going to be quite a
bit of suffering during the opera-
tion.

In the meantime, the club has
offered to co-operate with the police
of the southern urban centers in
protecting the lives of motorists by
doing "vigilance work" on the
streets and road by reporting overt
offenders against the law. In addi-
tion, the entire membership of the
organization has been called upon to
set a sterling example by careful
driving and by observing the rules
of the road at all times.

Where names are submitted to the
authorities, it will be for sufficient
cause, and the authorities can then
take the proper action. Repeated
reports on the same individual will
call for drastic action, so be care-
ful.

MILLIONS FOR ROADS

MANY MILES OF NEW HIGHWAY
SCHEDULED FOR SOUTH-
ERN CALIFORNIA

Approximately 200 miles of new
paved highway are scheduled for
Southern California counties in the
near future, in addition to that to be
built from the state highway funds,
according to an announcement made
yesterday by the Automobile Club
of Southern California.

This is provided from southern
county issues, making this part of
the State of California the most pro-
ductive section of America so far as
road building activities are con-
cerned.

That the automobile owners of the
counties themselves are directly re-

sponsible for the providing of \$5,-
880,000 which has been voted for
paved highways, is the contention of
club officials.

The latest success to be recorded
by club members is that of San Luis
Obispo County, where \$1,500,000
was provided last Tuesday on a
county bond issue.

Other counties which have recent-
ly tacked up successes are Imperial,
with \$1,500,000; San Diego with \$2,-
300,000 and Ventura with \$580,-
000—making the grand total of \$5,-
880,000.

It is understood at the organiza-
tion headquarters that Orange coun-
ty is to shortly go to the bat for the
purpose of raising additional funds
for its own present remarkable sys-
tem of roads.

Highway construction is to be un-
dertaken practically at once in all
counties which have passed their
bonds.

APPEAL FOR MERCY

RECORDS SHOW THAT MANY
MOTORISTS ARE
HEARTLESS

Lying exhausted under a wrecked
automobile for several hours, even
though not fatally injured, while gay
pleasure parties scoot along the road
nearby and refuse to lift the car off
you, is an unpleasant experience
which is happening to scores of mo-
torists in the southern part of the
state every fourteen days, reports
the Automobile Club of Southern
California.

Three reasons are ascribed for
this inhuman indifference on the
part of motoring parties, by the club
directors: Fear of being held up;
absolute selfishness, and "night
blindness."

Thomas P. Swift, a club member
of Oxnard, Cal., is the latest car
owner to complain to the organiza-
tion, stating that his son lay for
hours under his wrecked automo-
bile, calling loudly to passing mo-
torists for help before lapsing into
semi-consciousness. All passing cars
ignored him and speeded, apparent-
ly fearing a hold-up ruse, according
to the report.

It is the opinion of Mr. Swift and
club officers that thieves will sel-
dom if ever wreck a car in order to
make a decoy for holding up auto
parties.

"Night blindness" is prevalent
among motorists who drive only

LA CRESCENTA

Mrs. Conlin returned home last Thursday from her trip to the east, having been absent about two months.

Mrs. Hoogerzeil who lives in Whittier, was in La Crescenta last week looking after her home on Rosemont.

Mrs. White and her small son who have been seriously ill for the past two weeks, were taken to the county hospital last Saturday evening by Doctor Chase of Glendale.

Mrs. W. Wise has been visiting her mother in Los Angeles for the past week.

Mrs. Veith entertained her sister-in-law of Hollywood all day Tuesday.

Mr. L. A. Potter of Mayfield Avenue has purchased a new Chevrolet.

All friends of Mr. and Mrs. Madison, who have been living in Los Angeles for quite a time, will be very sorry to hear of the death of Mr. Madison. The funeral was held last

Friday in Los Angeles, the burial taking place at Forest Lawn Cemetery in Glendale.

Mr. Toskie had quite a severe accident a short time ago when his horse ran away. Mr. Toskie obtained slight injuries and his wagon was broken.

The card party held last Tuesday evening at the school auditorium was a great success. Prizes were awarded and every one had a fine time.

Come out to the dance this evening. Everybody is promised a good time.

Mrs. Harrah, Gordon and Lucile Harrah will spend Christmas in La Crescenta with Miss Jones.

Miss Helen Van Coughnet spent last Thursday visiting her friend, Miss Florence Bruce.

Mr. Joseph Kingston of the Glendale-Montrose Railway Company has recently purchased a half-acre on Piedmont Avenue and will build a new California bungalow after the holidays.

There was a party at Mrs. Bert Cox's on Altura Avenue Tuesday evening. Present were Mr. and Mrs. Bertrand, Mr. and Mrs. Singleton, Mrs. Van Huckyln, Mr. Steinbrey, and Mr. and Mrs. Willis Wise.

They turned water from a fire hose on noisy Reds in the Spokane jail. That was cruel enough, but the crowning punishment of adding soap to the water was mercifully withheld.

FREIGHT WRECK ON SANTA FE

FOURTEEN CARS JUMP TRACK NEAR GALIVAN AND BLOCK TRAFFIC TO SAN DIEGO

(Special Service to Glendale Evening News)

SAN DIEGO, Dec. 19.—Fourteen freight cars jumped the Santa Fe tracks at Galivan Station north of San Juan Capistrano early today. All traffic via the Santa Fe to San Diego from one o'clock this morning until noon was tied up. A broken axle on a freight car caused the wreck. No one was injured.

STUDYING EFFECTS OF RECENT FOREST FIRES

Interesting facts on the effect of rainfall in mountain territory burned over by forest fires are being connected by C. W. Sopp, engineer of the United States Forest Service.

Observations are being made in the Big Dalton canyon, the only canyon completely burned over on the south front of the mountains. The Forest Service has just completed a gauging station in the stream of the Big Dalton to make measurements of the run-off of the water.

Mr. Sopp has noted that the ashes of the burned vegetation fill up the crevices and rough spots in the stream bed of the canyon as they flow down stream after a rain. The effect is as if the water were running through a smooth trough, and the consequence is that the water from the Big Dalton flows seaward at a much greater speed and with greater power for destruction.

Another effect of the ash deposit in the water is to fill up the stream gravel beds so that the water does not sink in. The water, therefore, is lost to the ground and does not benefit the country.
